RICHMOND MAY JOIN HALE LEAGUE

Richmond has been invited to take a franchise in the new proposed state league, professional, Saturday and Sunday ball, beginning operation next season.

The cities proposed are Richmond, Vallejo, Santa Rosa, Stockton, Modesto, Merced, Fresno, San Leandro, and San Jose. A working agreement will be entered into with the Coast league whereby all youngsters not quite fast enough for the Coast league, will be farmed to the State league for further development.

Otto Dietrich has been invited to attend the meeting called for Friday, October 22, at the Keystone hotel, Fourth street, San Francisco, 2 p.m. All of the cities are expected to cover the prospects.

The engagement of Genevieve Moore to Wesley Stribley has been announced.

Mexicans Being Investigated

William Garcia and Francisco Martinez, two Mexicans were arrested by Officer H. A. Messenger last evening, and they will be held by the department for investigation.

Both of the men were prowling around last night in the vicinity of Fifth and Macdonald and Fifth and

Nevin, and their actions aroused the suspicion of the officer.

When searched at the police station Martinez had a 32-calibre Colt's revolver on him, and a belt of cartridges. He could give no satisfactory reason why he was carrying concealed weapons.

The men claim they are section men and work for the railroad at San Pablo.

There has been a good deal of promiscuous shooting about the city lately and, the officers believe that possibly they have the parties.

SCIENTIST CURE FOR AILMENT OF LUNGS

WASHINGTON, Oct. 15.—Refined chaulmoogra oil, which experts of the government public health service say has arrested the progress of leprosy, is soon to be used by them in the fight against tuberculosis. The experiments with tubercular patients will be conducted in Hawaii.

Dr. J. T. McDonald, superintending physician of the leprosy investigation station of Halihi in Honolulu, with Dr. A. L. Dean, chemist and president of the University of Hawaii, will start the fight against tuberculosis, at the same time continuing their work against leprosy.

Dr. McDonald has not yet made any formal report of his work with tuberculosis germs to officials here,

SHELL OIL AND NAVY ON PEACE FOOTING

Peace again obtains between the navy and the Shell Oil company, the company having agreed once more to furnish 10 per cent of the navy's fuel oil needs for October, November and December, at \$2 a barrel.

The Shell company had been holding out for \$2.35 a barrel, the price it bid. Demands for that price before the last previous contract was signed led to several seizures by the navy.

The navy has already signed contracts with the Standard, Union and Associated oil companies for fuel oil at \$2 a barrel.

but unofficial reports from Honolulu quote him as saying that scientists

at the University of California have discovered a means, in which case are the leprosy and tuberculosis bacteria.

VOTERS TO DETERMINE FATE OF 20 MEASURES

To promote intelligent voting on the twenty constitutional amendments, initiative measures, and acts of the legislature held up by referendum and which will come up for an expression of citizens at the November election, the California Civic League has prepared a comprehensive digest dealing with each individual measure. The digest has been prepared by Miss Martha Ijams, recording secretary of the state body, and is being circulated through the various centers affiliated with the state league.

The California Civic League is one of the few state organizations which has as its fundamental purpose the elevation of the standard of citizenship, the education of its members along civic and national lines and the advancement of an intelligent use of the ballot. Mrs. Frank G. Law is its president.

As summarized by the league, the measures to be voted upon and the order in which they appear on the

COMPANY SEEKING PURCHASE A STEAMER

The rumor is current in this city that the Standard Oil company is

seeking to purchase a ferry between Vallejo, where the former is seeking to purchase a ferry steamer of the latter.

If such a deal is consummated it would mean that a ferry between Richmond and San Francisco would be operating within the next two or three months.

Howes Putting on Pythian Drive in San Diego

At the meeting of Richmond lodge, Knights of Pythias, last evening, three members were elevated to the page rank. They are A. H. Lawe, Julius Geritz and Archie Buys.

A letter was received from A. M. Howes. He is in San Diego putting on a drive in that city for the Pythians. It was through the untiring energy of Howes, while here, that the local lodge was brought from twenty-eight to second in point of membership of the lodges in the state.

Former Prelate H. E. Hunt, who is now engaged in railroad work in the northern part of the state, expects to return to Richmond in the near future.

At 2:15 o'clock this afternoon the 10,000 ton oiltanker, S. C. I. Dodd, under construction at the Moore shipyard, for the Standard Oil company, will be launched. Mrs. Frederick G. Dodd, wife of an official of the Standard Oil company, will sponsor the vessel.

This is the first of four vessels the Moore Shipbuilding company is building for the company, one of which will be equipped with the largest Diesel engine ever installed in a tank steamer. This vessel is being built for the Standard Oil company of California, while the other three tankers are for the Standard Oil company of New Jersey.

A sponsor's luncheon will be served before the launching. The Moore band, which won the second

Toutjian to Tell Public "Who Lied About Hell"

R. V. Toutjian, V. D. M., celebrated lecturer and authority on hell, will favor the citizens of Richmond with his famous lecture: "Who Lied About Hell?" Sunday, October 17, 2 p.m., at Richmond club. He spoke to a large and interested audience last Sunday on "Spiritism and Demonism" and held his audience spellbound with his forceful and convincing logic. Evangelist Toutjian is widely known as an eminent Bible authority and has delivered this lecture to large audiences in the United States, being known as "The Anti-Hell Evangelist." In the course of his lecture he will make perfectly clear the term "hell" from both the ancient Greek and Hebrew languages. All friends and foes of the bible are invited. Seats free, and no collection taken. Doors open thirty minutes in advance.

LIBRARY STORY HOUR

There will be a story hour at the library this afternoon at 2 o'clock.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

RICHMOND IS ALL RIGHT

Our merchants got together the other night and discussed existing conditions in economics and commerce, and laid plans along which to work for a betterment of such conditions, how to meet the competition of larger cities and how to make Richmond bigger and better in every way. That is proper and well worthy of study on their part and assistance on the part of all the rest of us. We all have these problems to meet in this life as we go along, and they can much better be met by consultation and co-operation than in any other manner. As a rule they are too big for the individual, and must be met and overcome by mutual team work and mutual understanding and aid.

The street car companies are confronted by the problem of having to meet the oncoming competition and growing popularity of the motor-driven vehicle. That, too, is a serious problem, but they must meet it. None of us are going to get through and out of this world without having to meet and overcome obstacles. The Lord never intended that we should have everything we want, just how and just when we want it. Nature itself is one continuous struggle, and so is all forms of life. If we sit supinely down and think there is no use, the weeds and briars will soon overrun our garden patch. We have all got to get up and hustle and cross bridges as we come to them. The street car problem is something we are not versed in, but opine that the problem of the merchant to meet the competition of the big city merchant, and the problem of the trolley magnate to meet the competition of the motor car is something along the same lines which we newspaper people have to face and try to overcome in meeting the competition of the metropolitan press. The syndicates owning the big city papers possess millions; they have an unlimited advertising field to draw from, at big prices; to get that they supply the smaller towns with newspapers by hundreds of thousands for less money than we smaller fellows can buy the white paper for. We have to meet that competition as best we can, and it is by no means an easy task.

Why, ten years ago, which as old Father Time reckons, is but ten minutes, we used to wallow down to our shoptops in mud all along Macdonald avenue, and the whirr of the wheat harvester was heard out in what is now the apartment house district of the city; the seagulls held convention where now the great Proctor & Gamble industry is about to build, and Virg Fenner and Pat Dean shot ducks all over the land where now four thousand contented workmen are busy in two or three millions dollars' worth of buildings erected by the Standard Oil company.

In ten more years what do you suppose will happen? Even if the achievements of the next ten years should be no bigger or better than have been those of the past ten, still it would be wonderful, wouldn't it? But the next ten years will be still more marvelous, because when a snowball is rolling down hill it attains momentum as it grows bigger and grows bigger as it attains momentum.

In ten years from now electric railways will be whizzing down Cutting Boulevard from here on each side of that eight-foot thoroughfare will be big business houses, both wholesale and retail, Richmond to Albany, and motor busses, too, and taking care of the constant stream of trade and traffic flowing through the municipal tunnel from the incoming and outgoing passenger and freight ships from all over the world.

Twenty-third street will be an important cross-town business thoroughfare and Macdonald avenue's business houses will stretch on out eastward from there toward the hill section, which will be dotted with elegant homes, just as the hill sections of Oakland and Berkeley now are.

The waterfronts both to the south and north-west will be dotted with factories and new industries, and in ten more years after that they will extend on up the Bay and Straits clear to Martinez and Antioch. That is just exactly what has happened in all such localities as this in the East, and must and will happen here. And this Pacific coast country is going to grow and boom from now on as only a very few ever dreamed of. It can not be otherwise. All world conditions and facts point to that as a fact which can not be got over, under or around.

All we of Richmond have got to do is to sit tight in the boat, keep plugging along sensibly and sanely, meeting our problems and competitions as all others have to do, keep our hands clean and our consciences clear, and in a few more years the horn of plenty will be pouring into our laps to an extent that should and will make us contented, prosperous and happy. In fact, it is already so pouring, only it is just getting started now, and soon will be yet more strikingly like the big snowball rolling down hill.

Before a girl marries she prays that she may make him a good wife, and after marriage she asks the Lord to make him a better husband and sometimes He does.

Everybody so far deported needed a haircut, a shave, a bath, the first rudiments of education, and a swift kick, but they got only the latter.

If it was wrong to go to church Sundays it would take all the police and the fire department to keep the crowds back.

We do love to walk around in a hardware store once in a while, just to look at the many things.

About the time we get to be old enough to know better we are so darned aged that it don't make any difference whether we know better or not.

Yes, Mr. Evangelist, we all want to go to heaven. We want to see a place where gold is so plentiful they pave streets with it, and we like harp music, and want to learn how to fly, and all that, but, say, man, we don't want to go there right away now. We want to go later on, of course, but not now—gosh d'ing it, not now!

Congressman Kahn said two years ago in Congress that if Federal prohibitive legislation was enacted it would bankrupt California wine grape-growers and result in loss of millions of dollars. At that time the vineyardists were receiving less than \$20 a ton for their wine grapes. Now they are getting over \$100 a ton and yelling for more. All of which goes to show that Congressman Kahn is just like lots of other people—hindsight much more keen than foresight.

The munition worker got \$15 a day for making shells, and the soldier got \$30 a month for stopping them.

"And the Lord opened the mouth of the ass, and she said unto Balaam, what have I done unto thee that thou hast smitten me?" Which teaches us that asses do speak, upon occasion, and that one might possibly be a female, like the one we recently deported to Russia.

"Jack-Knife Man" and Comed on Bill at Theater

A treat is afforded to the admirers of King Vidor by this producer in his latest picture—a First National attraction—"The Jack-Knife Man," which is at the Richmond theater today.

Delightfully refreshing in the newness of its theme and locale, this photoplay of rural simplicity with its quaint characters drawn from real life, is full of gentle humor and pathos. It deals with the affairs of a little colony of unique personages who dwell in a secluded hamlet nestling on the banks of the Mississippi River—and on the dilapidated houseboats clustered along the banks. It is a homely little tale of the affairs of plain people with its central character a lovable old chap filled with the love of fellow-man. Into his life—otherwise drab and drear—comes a tiny friendless waif and the whole world is changed for him. His struggles to work out the salvation of the lad forms one of the most pleasing and heart-gripping tales the screen has produced in a long time.

Ellis Parker Butler, sometimes called the best American humorist since Mark Twain, is the author of the play—it being a picture of his popular novel of the same title. Mr. Butler is endeared to a vast majority of his fellow countrymen through his delightfully humorous novelette, "Pigs Is Pigs," and other works of a serio-comic nature.

A dispatch from Los Angeles states that much opposition has manifested itself to the new one-man cars that have been placed in operation. An attack in the courts is to be made on the use of the cars on the ground that they are unsafe and do not conform to franchise requirements.

The dispatch further states:

The one-man cars, built on a single truck, career down the streets much like a "canoe riding the ocean waves," according to the contentions of some passengers. The suit, however, will attack the "safety cars" on the ground that they "do not meet the franchise requirements which call for the most improved type of mechanism," Morris M. Ferguson, attorney for the Lincoln Heights Improvement association, declared.

"We shall contend that they are unsafe, and are now raising money to carry the fight to the supreme court if necessary," he said.

NOTICE OF TRUSTEES SALE

WHEREAS, ARLINGTON LAND COMPANY, of the City of Berkeley, County of Alameda, State of California, did execute a certain deed of trust bearing date the 27th day of April 1918, to Mary Johnston Edinger and Wm. J. Edinger, as Trustees for the benefit and security of F. A. EDINGER, which deed of trust was recorded in the office of the County Recorder of Contra Costa County, State of California, on the 21st day of July 1918, in Volume 304 of Deeds, page 58; and

WHEREAS, default has been made by the said Arlington Land Company in the payment of the promissory notes secured by said deed of trust; and the said F. A. Edinger did, on the 14th day of September, 1920, demand that said trustees, Mary Johnston Edinger and Wm. J. Edinger, as such trustees, should forthwith proceed to sell the lands in said deed of trust described;

NOW, THEREFORE, pursuant to said demand, and in accordance with the title and under the authority of said deed of trust, the said Mary Johnston Edinger and Wm. J. Edinger, as such trustees, do hereby give notice that on Monday, the 18th day of October, 1920, at the hour of 1:00 o'clock, in the afternoon of said day, on the premises to be sold, to-wit: at the most southerly point of lot twenty-three (23) of block 11, Berkeley, Highlands Terrace, the intersection of Kenyon Avenue and Willamette Avenue, in the County of Contra Costa, State of California, they will sell at public auction to the highest bidder for cash in Gold Coin of the United States, all those cer-

tain places, parcels, tracts and lots of land, together with the improvements thereon, situated in the County of Contra Costa, State of California, particularly described as follows, to-wit:

Lots 23, 24, 25, 26, 27, 28, 29 and 31 in Block 1, and Lots 2, 3, 4, 5, 6, 7, 8, 9 and 10 in Block 2, as said Lots and Blocks are designated and so designated upon that certain map entitled "Berkeley Highlands Terrace," filed January 28th, 1914, in the office of the Recorder of the County of Contra Costa, State of California.

And said F. A. Edinger the owner of said indebtedness, has purchased the property at such sale.

TERMS OF SALE: Ten per cent (10 per cent) payable to the undersigned on the fall of the hammer, balance on delivery of deed; and if not so paid, unless for defect in title (ten days being allowed for search); the said ten per cent to be forfeited and the sale to be void.

Acts of sale at purchaser's expense. MARY JOHNSTON EDINGER, Trustee.

WM. J. EDINGER, Trustee.

DATE OF 20 MEASURES UP TO VOTERS

Continued from Page 1

ballot follows:

1. Alien Land Law. Initiative act. Prohibits aliens from owning or holding land or holding it as guardians of minor citizens or through corporations. Anti-Japanese law.

2. Prohibition Enforcement Act. The Harris bill passed by the legislature and held up by referendum. Substantially the same as the Volstead (Federal) act: forbids manufacture, possession, transportation, sale or gift or liquor for beverage purposes of over one-half of one percent alcoholic content. Designed to enable state and federal authorities to act concurrently in support of the Eighteenth amendment to the U. S. constitution.

3. Salaries of Justices. Constitutional amendment proposed by initiative. Increases the salaries of the Chief Justice and six Associate Justices of the Supreme Court from \$8000 to \$10,000 annually, and the salaries of fifteen Justices of the District Court of Appeals from \$7000

to \$9000.

4. Initiative concerning taxation. Constitutional amendment proposed by initiative. Increases the number of signatures necessary for an initiative petition concerning taxation from eight per cent to twenty-five per cent of the total vote at the last preceding gubernatorial election. Called by its proponents the "anti-single-tax measure."

5. Chiropractic. Initiative act. Creates a state board of chiropractic examiners empowered to examine and license chiropractors.

6. Prohibiting Compulsory Vaccination. Constitutional amendment proposed by initiative. Prohibits any form of vaccination or inoculation as a condition of admission to, or attendance in, any public school, college, university, or educational institution, or for employment in public office.

7. Prohibiting Vivisection. Initiative act. Prohibits dissection, vivisection, torture or experimentation upon any living animal, or any living person, without the latter's consent.

8. Poison Act. Act of the legislature held up by referendum. Regulates the sale of poisons and habit-

forming drugs and the sale and possession of hypodermic syringes and needles. Claimed by its proponents to be an attack on the narcotic and illicit drug traffic and by its opponents as attack on osteopathic physicians.

9. Highway Bonds. Constitutional amendment proposed by initiative. Creates a state highway finance board, directs a cancellation of forty million dollars' worth of unsold state highway 4 1/2 per cent bonds and authorizes a new issue of forty million 6 per cent state highway bonds.

10. Constitutional Convention. Constitutional amendment proposed by the legislature. Requires the next legislature to enact all measures necessary for calling a convention to frame a new state constitution.

11. Alien Poll Tax. Constitutional amendment proposed by the legislature. Provides for a poll tax, not less than \$4.00 on every male alien between the ages of 21 and 60, except paupers, idiots and the insane; to be paid into the school funds of the county where collected.

12. State University Tax. Constitutional amendment proposed by initiative. Levies a direct tax of \$1.20 on each \$1000 of assessed valuation

of all taxable property in the state, for the "State University Fund."

13. Community Property. Senate Bill No. 471 held up by referendum. Gives either husband or wife the right to will one half the community property to the other or to lineal descendants, but not otherwise without written consent of the other. In the absence of a will, the entire community property goes to the survivor.

14. Insurance Act. Act of legislature held up by referendum. Prohibits any agent or employee or subsidiary corporation of any state bank from acting as a general agent or department manager of any insurance company in California.

15. Irrigation District Act. Referendum of act of legislature. Permits organization of irrigation districts by a majority vote of the electors instead of by a two-thirds vote as now required.

16. School System. Constitutional amendment proposed by initiative. Adds kindergartens to the public school system. Increases state aid for elementary schools from \$17.50 to \$30 per unit of attendance; for high schools and junior colleges from

\$15 to \$30 per unit. Total increase, \$10,250,000. Increases county high school tax to minimum of \$60 per pupil.

17. Absent voters. Constitutional amendment proposed by legislature. Enabling act permitting legislature to pass laws providing for voting by those absent from their regular precinct at any election because of occupation requiring travel or military or naval service other than the regular army or U. S. navy.

18. Exempting Orphanages from Taxation. Constitutional amendment proposed by legislature. Exempts from taxation institutions sheltering more than twenty orphan of half-orphan children receiving state aid.

19. State Aid to Institutions. Constitutional amendment proposed by legislature. Provides for state aid for institutions caring for children of a father unable to support them owing to permanent physical disability or tuberculosis.

20. Land Values Taxation (Single tax measure). Constitutional amendment proposed by initiative. Single tax. Exempts from taxation all personal property of every kind. Re-

quires all public revenues to be raised by taxing land exclusive of improvements.

Richmond Boy Bound for England on Steamer Opus

F. J. Hulaniski yesterday received a postal from Percy Pickering, a former Richmond boy, stating that he was just going through the Panama canal for the third time, and that he was bound for England on the steamer Opus.

Mysterious Fire on Southern Pacific Train Near Nichols

Eastbound Southern Pacific train No. 86, that reaches Bay Point at 1:45 a. m., caught fire somewhere near Nichols yesterday and backed into Bay Point for a water supply. One of the Pullman coaches was

burned, but the crew succeeded in extinguishing the flames before they gained much headway.

The Girls club of the Trinity Episcopal church gave a social at the parlors of the church last evening. A program of vocal and instrumental numbers was given.

The employees of the Sonoma Pacific office gave a farewell party to Mrs. Mattie House at Martin's grill. Mrs. House leaves for Belden, California.

Many will leave this morning for the Sacramento and San Joaquin valleys, where they will enjoy duck hunting for the next two days.

High prices will occupy the attention of the Richmond Housewives league at its meeting next week.

Merode and Globe Knit Underwear

For Men, Women and Children

Globe Knit Underwear

One of the favorite features of Globe Underwear is that it is form fitting. It is all cut to a system of accurate sizes and each yard of fabric is shrunk before cutting. In this way the finished garments are shrinkproof and lastingly perfect in fit.

Globe Underwear for Women

FLEECE VESTS AND PANTS—In various styles. Made either with shoulder or bodice top. Prices—\$2.50 and \$3.00.

PINK GLOBE COTTON UNION SUITS—Low neck sleeveless, knee length and winter weight. Sizes 4 to 6—\$3.50.

Extra sizes—\$3.75.

WOOL-MIXED VESTS AND PANTS—In various styles. Prices \$3.00 to \$4.00.

SILK AND WOOL-MIXED VESTS AND PANTS—All styles. Prices \$3.75 to \$4.25.

Globe Underwear for Girls

MIXED-WOOL VESTS AND PANTS—Vests in various styles of neck and sleeves. Pants knee or ankle length. Ages 2 to 16 years. Prices—\$1.50 to \$2.55, according to age.

GIRLS' GLOBE MIXED SILK-AND-WOOL VESTS AND PANTS—Styles as above. Ages 2 to 16 years. Prices—\$1.75 to \$2.80.

Boys' Globe Underwear

UNION SUITS—Warm, well-made, tailored just like dad's. Wool-mixed in gray. Long sleeves or short sleeves and knee length. Ages 6 to 18 years. Prices—\$3.00 to \$5.00.

GRAY FLEECE COTTON UNION SUITS—With long or short sleeves. Knee or ankle length. Ages 6 to 18 years. Prices—\$1.75 to \$3.00.

Handsome New Dress Blouses

Many new ones of crepe georgette which fabric lends itself admirably not only to winter fashions, but to adornment as well, and forms just the background for beading, embroidery or fine lace. But not all are of crepe georgette, for some are satin, tulle and some of crepe de chine. They come in black, blue and the fashionable hues of the winter. Sleeves are long or short—three-quarter lengths are much liked. Of the finer blouses we have only one of a kind so there is a bit of wisdom in selecting your blouse early. Prices—\$5.95 to \$17.50.

BOILS

And High Blood Pressure
Oakland, May 17,
1920.
"From boyhood
I have suffered
from boils due to
impure blood. My
blood pressure
was so high that
for a long time I
had severe headaches
and my body was continually wet with
excess perspiration."
"After having been treated by
many doctors, I finally found one
who put my boils open in a fruit-
less attempt to cure them. When
he had cut me about twenty-five
times, I quit. I then tried a mild
remedy in the form of the FONG
WAN CHINESE HERB TEA. I took
the herb tea faithfully for about
three months, during which time
my blood was thoroughly
CLEANSED OF ALL IMPURITIES.
When my blood had thus become
pure and rich, my boils automatically
disappeared, and my blood pressure
also became normal. I therefore
no longer suffer from either head-
ache or excess perspiration."

ARRESTED FOR DISTRIBUTING BIRTH CONTROL LITERATURE

SAN FRANCISCO, Oct. 15.—Dr. Waldo P. Richardson, physician in the Phelan building in San Francisco, was arrested today on a charge of using the mails to transmit birth control literature.

The arrest follows an investigation demanded by President David P. Barrows of the University of California, and after he had discovered, according to the police, that Richardson had been sending circulars to students at the university.

With the aid of a girl student and Postal Inspector William McHenry, a trap was laid. The girl answered Richardson's letters, it is claimed, and received what he had to sell, after she had paid \$20. The warrant for Richardson's arrest was then obtained from Commissioner Thomas B. Hayden.

It charges felony, the violation of state and federal laws in using the mails for the purposes alleged and carries with it a sentence of from one to nine years.

According to the police, Dr. Richardson is the western agent for a firm of Kansas City, Mo. It is said

that the company sends literature to prospective customers and also asks them to supply the names of others who may be interested.

Mrs. O. B. Richardson, wife of the physician, was also arrested on the same charge and was arraigned before Commissioner Hayden late today.

**Why Typhoid Fever is
rare in Oakland**

The typhoid death rate in Oakland is one of the lowest in the nation for cities of more than 100,000. As typhoid is a water-borne disease, no better proof of the purity of the water used by those living in the east Bay Cities could be desired.

Before any of the water from Lake San Leandro, one of the great storage reservoirs of the system, is transported to any of the distribution reservoirs, it is passed through sand filters. The water is treated with a coagulant to make the heavier impurities sink to the bottom, then passed through fine white Monterey sand. Any impurities, even bacteria, are held on the grains of sand—only pure water goes through.

To prove that the filtering process is working perfectly, a specimen of this "finished" water is sent to the Western Laboratories daily for analysis.

The men at the various filter plants who have been trusted with the responsibility of making the water for 330,000 people safe, are: Henry Lang, who has served the company for 20 years, (pictured operating the great water valve which controls the flow of water into the filter); George Evans who has served 5 years; Frank and Ed. Harlow, 20; Tony Bettencourt, 8; Geo. Ciesenhoffer, 5; and Tim Tierney, Superintendent of San Leandro, 33.

In Appreciation

A week ago today, we announced and commenced a two-fisted fight on the high cost of men's wearables. We were confident that we were doing this community a good turn, but we were not so confident of the support of the community. Good people, we have misjudged you. We thought that you would look upon our efforts as "just another sale." But you proved by your wonderful attendance, that you were glad that we had started something, and that we had taken the right step. Men and women in every walk of life, came into our stores, and congratulated us, and wished us well in our undertaking. And what is more, they bought. Therefore this word of appreciation. We wanted all the legitimate business that we could get, but we wanted your good will more. You have shown us that you trust us, that you believe in us, and that you have confidence in us. And we appreciate it.

Our one regret is, that we were unable to properly serve all of you who attended. But if you have been disappointed, we have been more so. Come in, and see the new lines of merchandise that we have brought forward for your approval. Just examine the original selling prices, that still remain on each article, and compare them with the new prices, at which the article is offered. That's all we ask. Then you will understand why our stores have been crowded all this week.
